Week 6 OOP project meeting

Features to be implemented:

- Bike instead of car
- Public trans instead of car

- Solar panel
- Using less electricity in your home
- Lowering temp of home

- Buying local produce

- Badges achievements (gamification)
- Tracking co2 you save and compare to friends

  - CI fixed // means tests failing are no longer the fault of CI
  - Don't have to use jacoco
  - Mockito working with CI – bonus points
  - Reports
  - Quizzes
